Excellent Presentation X3

Very Informative X2

Was shocked how few people showed up to such a knowledgeable seminar

Very good information

Best location yet for parenting workshop, my wife and I have been too many

More question and answer would be better

Great Presentation and Information very valuable, Thank you

Great Presentation and wonderful information. Great parenting tips on what we can do as parents

Very unfortunate that the turnout was so low. It is very challenging to get parents in this community out and involved

I came as a teacher and already know a lot about this information but still it's very relevant info for parents

Very good and helpful
