

I highly recommend Mr. Jordan's comprehensive anti-bullying program to your school and your entire district. It far surpasses the many others I have experienced as a school teacher and as a building administrator over the years. I strongly encourage you to use the entire program, as it addresses assemblies and workshops not only for students, but also for teachers and parents, too. Unfortunately bullying and harassment issues are at the forefront of today's media coverage, and the reality is schools need to address such issues head on! Mr. Jordan's program is outstanding, pervasive, and practical!

Mr. Jordan and his staff have my highest recommendation! Worth every penny!

Sincerely,

Stephanie Mitchell

Jefferson Elementary School, Principal

North Berwyn School District 98
