

McMan

To: Whom it May Concern

I would just like to say how wonderful and enthusiastic Jim Jordan was when he came to present at St. Patrick's School in Medicine Hat, Alberta. He had the students and teachers entertained right from the beginning until the end with his magic tricks, and wonderful sense of humour. Jim did the "Friends Helping Friends" presentation for the Kindergarten to grade 3 classes. The Kindergarten classes still remember what they are supposed to say when they see somebody playing all by themselves. He also did the "Super Hero Independence Day" presentation for the grade 4 classes and a parent/teacher presentation for the adults in the school community. The best part about the presentations is that it doesn't end once Jim leaves the school, he also has follow up lesson plans for the teachers to reinforce in their classrooms, regarding the presentation that their students seen.

I would defiantly recommend this presentation to all schools for anti-bullying, Jim is a very valuable resource that I think everyone should benefit from.

Sincerely,

Paige Georget
