

# Testimonials

Today's Assembly with Report Bullying was totally awesome! The kids and Teachers alike were totally entertained and we learned a lot! Just go into any Primary Class and ask them how they are feeling (the Jim Jordan way) - He taught them a cute, but powerful little thing with actions:

GREAT! FANTASTIC!! INCREDIBLE!!!

His interactive magic had us mesmerized and in awe, as he had us all chanting to care for our Teachers, our School and each other. SPEAK UP and be a Friend helping a Friend was a great message from him, too! Just Super! Thanks a lot!

Barb Stokl, Grade 2 Teacher, St. Raphael Catholic School, Burlington Ontario Canada

You have a great anti bullying program and I think you're at the top. By far I would recommend your company the most. I will work to promote you around this area because I feel you have the best message; delivery and you really care about what you are doing... not just a business.

Steven M. Smith, Principal, Pennsylvania, USA

You just spoke at my school, MOSCROP Secondary in Burnaby, B.C., and I would like to compliment you on the powerful and most helpful presentation on "Bullying."

Best regards,

(Dr.) Gail Joe

I just wanted to thank you again for visiting our district last week and Jefferson School. The students truly enjoyed the performance and we have already had several reports of minor bullying since your presentation.

Sincerely, Craig Curtis, Assistant Principal,

Jefferson Elementary School

## Report Bullying

I just wanted to thank you for an amazing program. We have been using the online reporting system and tracking system and it has helped us tremendously. The students are still buzzing about the assembly. Money well spent

Thank you

Fred Hopkins

St Johns

Jim,

Many thanks to you for your well delivered message today. I very much liked your referral to taking care of one and other like a family.

This is a great launching point for lots of conversations with students.

Ron Hall
